

CHARLES TRACEY'S

northshore basketball training center

SCORING ACADEMY

History:

I have personally trained 5 girls prior to starting this program. I did not possess enough patience for boys. I built my system now to train even boys. Of the 5 girls, all played or are currently playing college ball on FULL scholarships not partials. They are All State, District MVP's, State MVP's, District Champs, Final 4 State Players. All have scored from 1300 pts to 2000 pts in 5A classification. One of my first girls is presently a NAIA All American, most likely 2-3 more in a few years will achieve similar awards for their universities and colleges. I am into my second session of boys and girls. Check out our videos.

Program:

6 weeks / 2 hrs. class per week

Class Room Study, Court Drills, Film Room Study, Self Assessments

Periodic call backs classes for refreshers

Unlimited Sunday evening use of Dr. Dish Shooting Machines

Goal:

Allow player to possess a game shot that will enable them to score the ball in game situations. Big difference in shooting a ball and scoring the ball in a game consistently. My process and player mental education gives the player the best chance to succeed no matter the circumstances. It is not all about form, trust me. I educate the player properly. My past players prove my ability.

Cost: 600.00 / 9 Player Max.....\$50.00 an hour.

Schedule:

November | Mid December | February | Mid March | May | Mid June |
August | Mid September | October
